POSITIONS OF RESPONSIBILITY

in a club event, I took responsibility to gather new recruits for
the designing team as a member of the design team, so I
check a lot of designs for Instagram posts, stories, and reels.
the main role was photo designing and video editing.

For SEPM (software engineering and project management)
I made a website that is for tourism and management it will
help the clients to get the safe and cheapest hotels in the root
you choose to travel with the help of your google map!

For Jawaharlal Nehru National Science Exhibition! I as captain
I went to national we made a model with the help of Arduino
UNO, IR sensor, and motor driver!
an automatic home cleaning robot that cleans the room fully
by turning the motors on.

For the project expo, we made a working model with the help of Arduino UNO!
I had the lead responsibility due to my knowledge of robotics. we made a line-following robot where it will follow the line that is specified to it with IR sensors
